XX

During the meeting held with the representatives of recognised union on 04-06-2011, the BSNL EU demanded for consideration of tranfers in respect of the officials who completed TWO years stay at any station and requested for transfer to his choice of place if official volunteers to forego TA & TP.

The issue has been discussed at length on 04-06-2011.During the discussions various options have been examined in detail. After examining all the options, it has been mutually agreed that the following proposals can be considered. Accordingly the following guide lines for transfer to rural stations, needy places and unpopular places are given.

- 1.SSAs should identify and notify Rural stations / Places that are un popular / needy, un manned and places where from requests are pending.
- 2.Volunteers may be called for from amongst the Non-Executives who are willing to go to any of the rural / needy exchanges / un popular stations without TA/TP .
- 3.Such Volunteers who have come forward may be brought to the choice stations / requested stations as far as possible at the earliest after completion of two years stay without TA / TP.

This is to facilitate selection of convenient timings to the staff for their movement and in order to facilitate manning of un popular / needy and unmanned Rural places . It will be implemented on an experimental basis for One year, after which it may be reviewed.

This is also subject to the administartive convenience at SSA level.

This issues with the approval of competent authority.
